

Washroom Mat

Our Washroom mat is a disposable place mat that effectively absorbs moisture and deodorizes interior areas. Designed to provide a convenient solution to washroom safety and floor protection, it's engineered to be a cost effective, disposable alternative to costly, labour intensive, maintenance.

Features:

- 100% NBR rubber resists slipping and effectively protects washroom flooring.
- Anti-bacterial, anti-microbial polyester fiber.
- Highly absorbent surface to catch and hold moisture prevalent around sinks, hand dryers, paper towel dispensers and urinals.
- Protect flooring around urinals from staining and the harmful effects of uric acid.
- Helps to control odours and assists in reducing transfer of contamination to other areas of your facility.
- Available in two standard sizes as well as bulk rolls.
- A convenient solution to manage floor safety and rising maintenance costs.

Applications:

- Best suited for public, commercial and industrial washroom environments where constant/frequent cleaning is not feasible.
