

ANTI-FATIGUE MAT

Our Anti-Fatigue mat is designed and engineered for maximum comfort and safety. Its' resilient solid rubber construction is built tough to withstand the rigors of daily use. Each mat comes standard with molded bevelled edges and is easy to maintain with periodic washing of a hose or pressure washer. Our Anti-Fatigue mat is also available in fiber coated colours by special order.

Features:

- Made from durable, 100% NBR rubber—provides superior resistance to water, oil, grease, chemicals, animal fats, etc
- Smooth bubble structure acts to reduce the effects of worker fatigue by promoting gentle leg movement
- Anti-slip, anti-bacterial characteristics of solid rubber construction, provides a comfortable, safe work surface that also provides an effective insulating barrier from cold floors

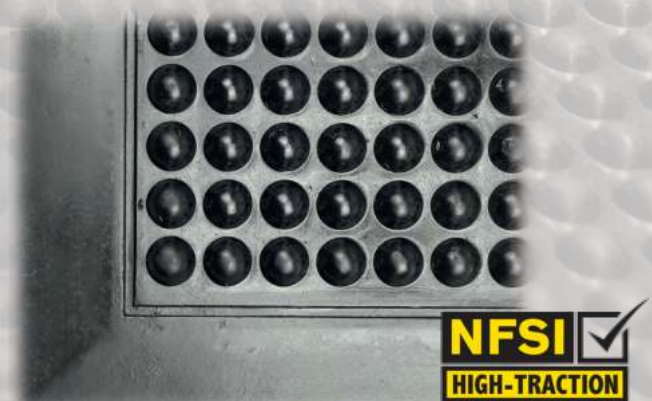

Applications:

- Ideal for both commercial and industrial environments, where a durable and ergonomic mat is required
- Reduces worker fatigue that has been associated with poor worker concentration, higher possibility of accidents, and lower productivity levels
