

(ESD) ANTI-STATIC COMFORT MATS

ESD Anti-Static Comfort Mats

ESD Anti-static comfort mats are high quality safety mats that provide excellent anti-fatigue features. In addition to these features, the mat offers safety features including clearly defined standing areas and electrostatic dissipative characteristics with an extremely functional and durable comfort core. All offered at a competitive price. ESD comfort mats are designed for light to medium commercial/industrial applications for offices, restaurants, light manufacturing, retail, or other service industries.

Features:

- **Electrostatic Dissipative (ESD) Certified**
- Wide safety yellow caution strip borders for improved visibility
- Diamond-grid designed surface for comfort and secure footing
- Comfort-Core construction for extended periods of standing
