

VIKING TILE

Viking tile is our modular, premium flooring tile product. It is primarily installed as an outdoor matting system but can also be fitted in mat wells.. Viking can be surface mounted by using our unique border edging system. It is great for all seasons and is easy to maintain through periodic washing with a hose or pressure washer. Ideally used as a primary scrub mat. Viking is your first defense against floor pollution.

Features:

- Molded from a durable, UV and temperature resistant, TPE compound with coarse monofilament brush inserts
- Modular design allows quick replacement of worn out tiles
- Special surface scraper and brush textile provide superior scrubbing action to effectively remove coarse dirt and debris
- Designed for medium to heavy foot traffic and is intended for areas that require additional drainage capability

Applications:

- Best suited as your primary defense in outside hotels, public buildings, shopping centers, entertainment venues, etc
- It is an excellent outdoor mat solution where a durable and light-weight mat is required
